APPLICATION FOR FINANCIAL ASSISTANCE

CRITERIA - SESSION 2020/2021

We offer means-tested bursaries worth up to 100% of the tuition fee from Primary 7 onwards to enable children to study at our schools who would not otherwise be in a position to do so. The value of individual bursaries will be based on a sliding scale to be determined by the Governing Council. The offer of bursaries is entirely at the discretion of the Governing Council and will be dependent upon both the level of joint income of the parent(s) and the value of the net assets of the parent(s).

Income

Parent(s) should only apply if they meet the following criteria with regard to income:

- Parent(s) applying for a bursary for one child - joint income should **not** normally exceed £62,100.
- Parent(s) applying for a bursary for two children - joint income should **not** normally exceed £74,200.
- Parent(s) applying for a bursary for three or more children – should contact the Bursar in the first instance.

Net Assets

Parent(s) must also be willing to declare details of net assets. Net assets will be defined as capital assets less capital liabilities.

1. PARENTS/APPLICANTS

These are defined as:

- the natural father and mother of the child where they live together (whether or not they are married to each other) and the child normally resides with them both in the same household; or
- the parent of the child with whom the child normally resides **and** the partner (if any) of that parent where the partner normally resides with that parent and the child in the same household; or
- the child's guardian appointed in accordance with the Children (Scotland) Act 1995 **and** the partner (if any) of that guardian where the partner normally resides with that guardian and the child in the same household.

If parents are separated or divorced and remain joint signatories to the child's enrolment agreement, both mother and father must complete and sign the Application Form. If necessary, separated or divorced parents may complete separate Application Forms.

2. DEPENDENT CHILDREN

- e) The figures to be inserted here refer to the current academic year.
- f) Insurance Policies for School Fees – If any insurance policy for the payment of School Fees exists, then the amount declared is the amount receivable under the policy for the academic year for which the application is being made. If the insurance policy covers the full cost of the tuition fees, then the pupil is not eligible for a bursary.

3. INCOME

- a) The GROSS annual amount of salaries and wages, including any earnings from overtime, profit related pay, part-time employment and any sum received as bonus, commission etc, statutory sick pay, statutory maternity pay (before deduction of tax, NI, superannuation, etc) for the current and last financial year.

- h) Court Orders, Legal Separation Agreements and Voluntary Arrangements for School Fees – Where a parent is required by a Court Order, or a legally binding separation agreement (eg Deed of Separation) to pay part of the School fees, then only that part of the fee which is not covered by the Court Order/agreement will be used to calculate any bursary to be awarded. This is irrespective of whether or not the order or agreement is being complied with. Where the whole amount of the fees is required to be paid by virtue of a Court Order or separation agreement, applicants are not eligible for a bursary. You should indicate how many years are payable and any annual variations. All receipts relating to maintenance payments, separation allowances and sums in respect of Child Support maintenance must be declared.
